

## **ORBIT Receives \$2.8 Million Follow-On Order from Israel's Ministry of Defense for Advanced Communications Systems**

**ORBIT's systems are a key component of an extensive infrastructure project administered by the Ministry of Defense and the IDF**

**Netanya, Israel:** July 2, 2013 – ORBIT Technologies Ltd. (TASE: ORBI), a leading provider of mission-critical connectivity solutions to the satellite communications, earth observation, telemetry and communications management systems markets, announced today that it has received a follow-on order valued at \$2.8 million from the Israeli Ministry of Defense to supply advanced communications systems. The total value of orders received by ORBIT for these systems from the Ministry of Defense since the beginning of the year has now reached \$4.3 million.

The systems to be supplied to the Ministry of Defense constitute a key component of an extensive infrastructure project administered by the Ministry of Defense and the Israel Defense Forces.

**Ofer Greenberger, ORBIT CEO:** "ORBIT continues to strengthen its close cooperation with the Ministry of Defense. We consider this order to be a further vote of confidence in our company's technology, in our capabilities and in the quality of our products. At the same time, we are continuing to nurture our relationship with the Ministry of Defense in order to increase the scope of our joint activities."
